## Carbon pricing around the world

Leveraging 10 years of experience in Europe

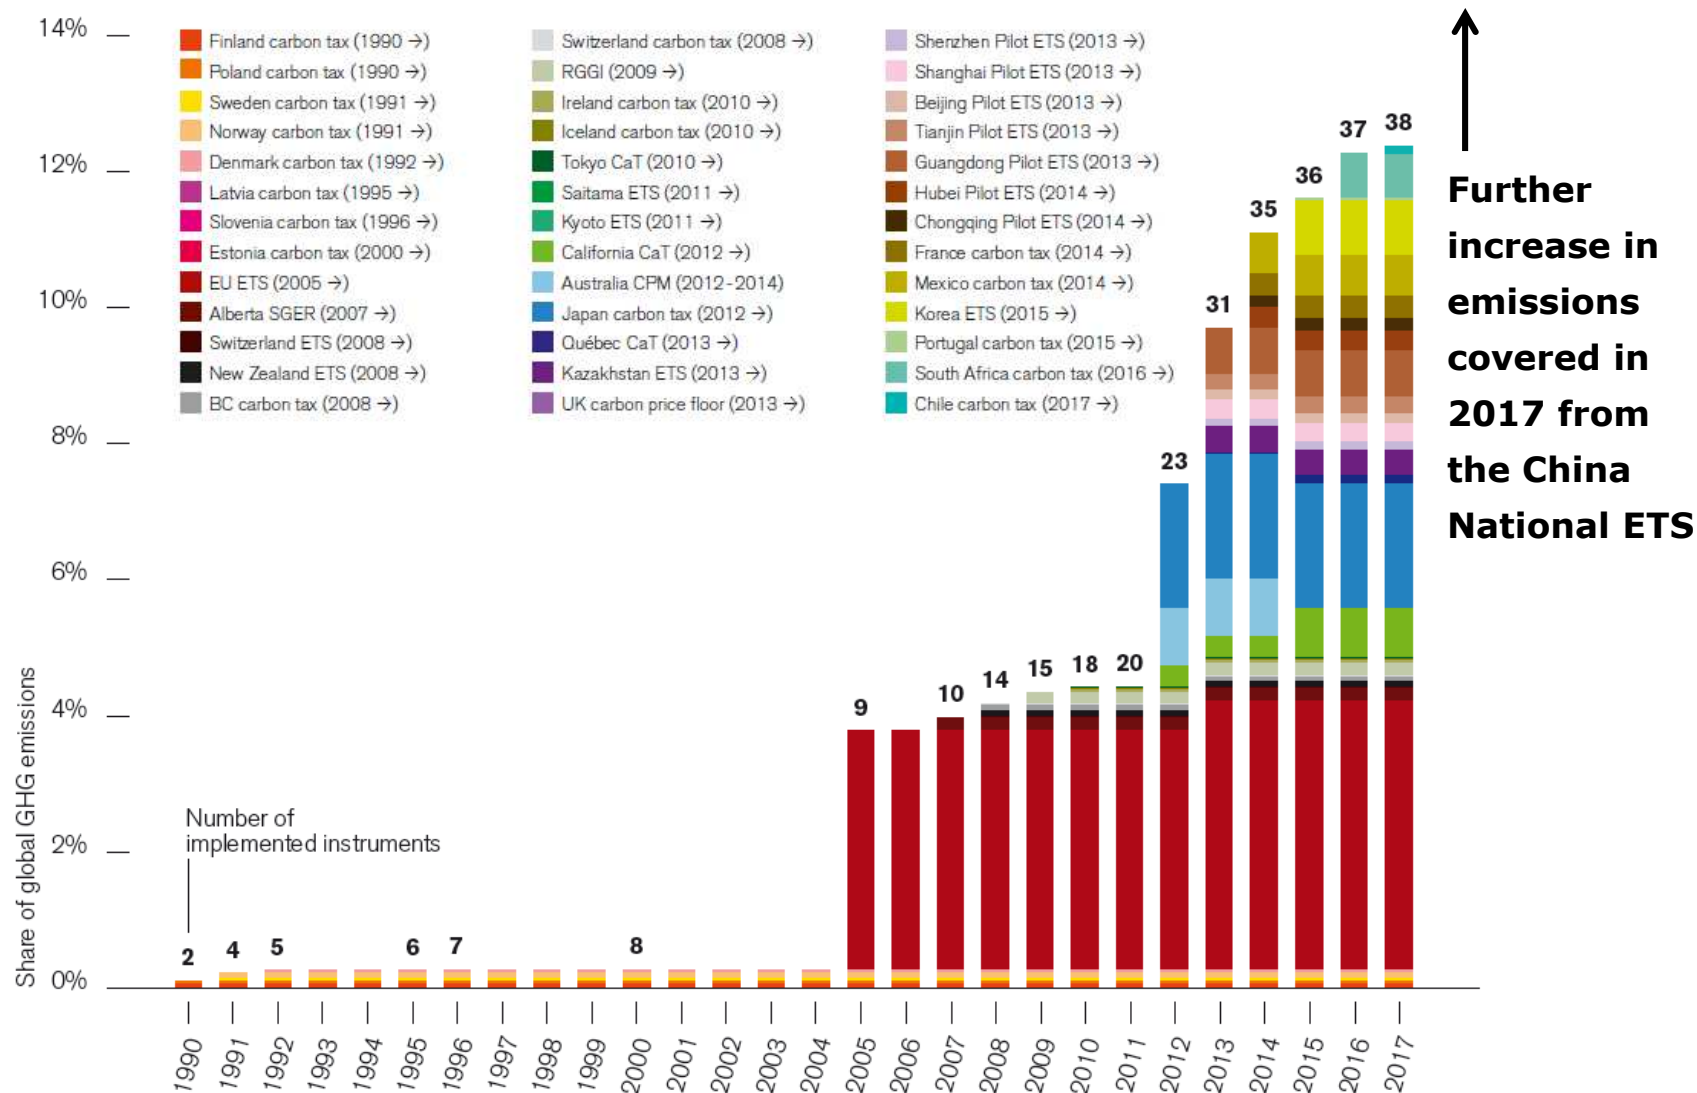

COP21, Paris, 05/12/15

Noémie Klein

# 40 national and 23 subnational jurisdictions are putting a price on carbon

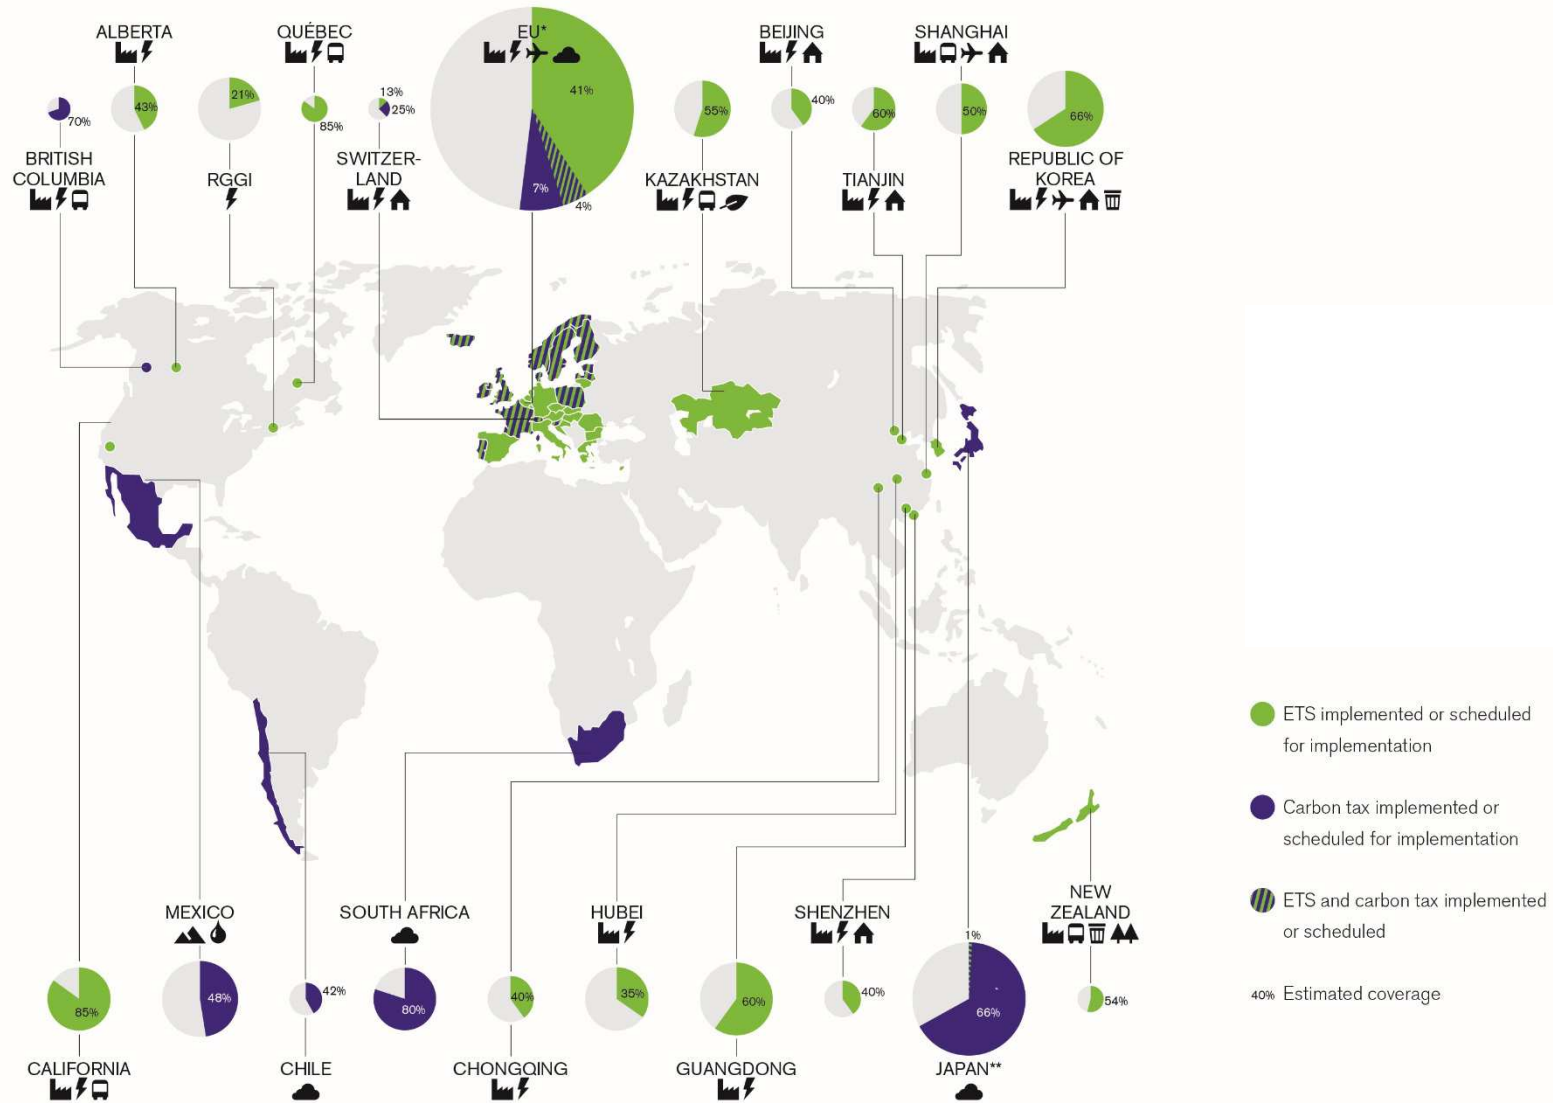

# Carbon pricing covers ~21% of global emissions

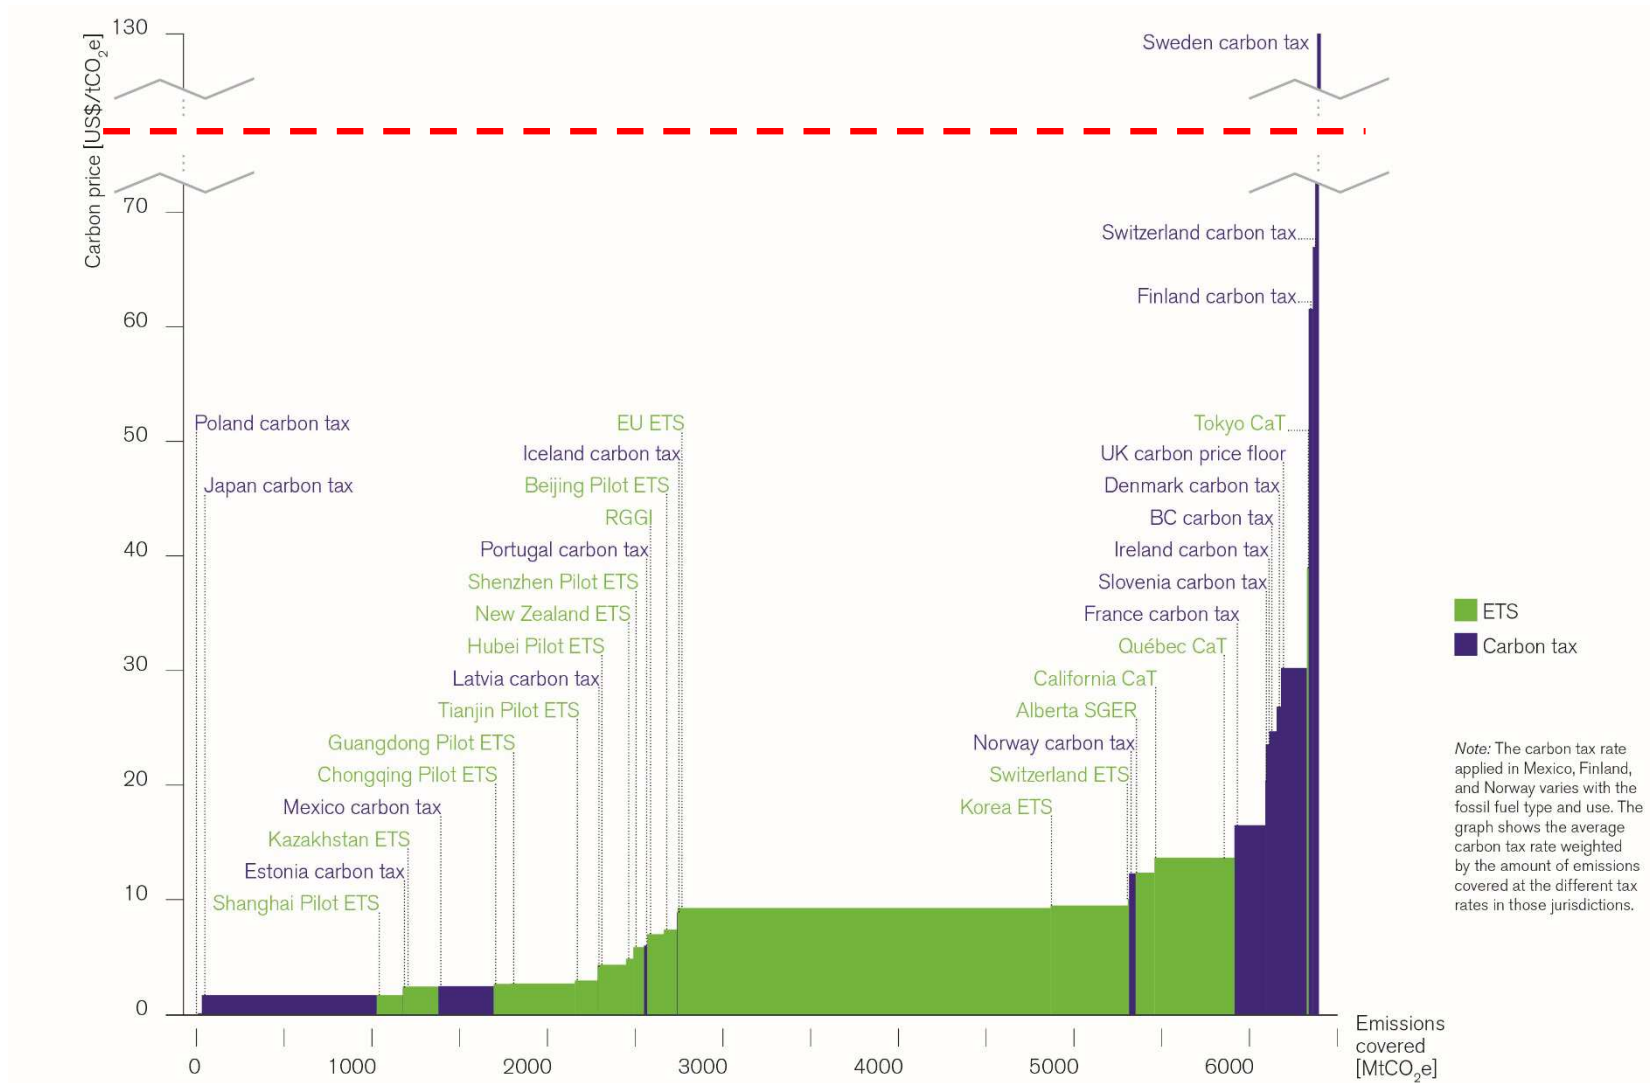

Source: Kossoy et al.. 2015.State and Trends of Carbon Pricing 2015 (September), by World Bank, Washington, DC.

# Sectors covered vary, coverage is partial

# Carbon prices vary across existing instruments but remain low

Thank you
